WELCOME TO THE NASHIK KUMBHMELA 2015-16 !

Sadhus , Poojaris and Devotees

All have entered the holy divine Nashik city.

Hearts filled with pure divinity.

Blessings to be showered and received

With conformity.

River Godavari gushes with joy with her nature so coy.

Welcomes generously all the people with feelings mutual.

Souls ready to offer prayers and perform different rituals.

Godavari makes no discrimination based on gender or caste.

Offerings at Trimbakeshwar and Ganga Ghat are huge and vast.

Devotees are seen observing rituals and fast.

Temple bells ring and are merged with the divine *mantras*

Followed by holy *havans* and *tantras*.

Incantations echoing in the Sahyadri valley spread positive vibes.

The city has place for all, no matter in what form or disguise.

Bathing in river and offering prayers make bodies and minds pure
and on soul humanity resides with divine layers.

Government has made all the possible arrangements

Brought in opportunities along with employments.

It has stroved hard day and night to provide all the facilities.

As citizens and humans we too need to render our duties and responsibilities.
Devotees and visitors should take care not be the cause for unwanted
calamities.
Hope to see my holy city Nashik remain as always fresh and green.
Let it remain filled with holy divinity and always remain serene.
Spread love and harmony and keep my Nashik city clean.
