**WE LOST**

We lost in caste  
The loss is vast  
Even today  
The low mentality people like  
To see us in doing  
They scheduled traditional task  
This is from centuries  
Who will dare to stop?  
The established cannot change  
Their mind and heart  
Very often  
We have to remind them  
We are human  
We are a society part  
With tender and soft heart  
We are human  
Behave with us like a human  
Live the balance life  
Like a human  
Which will help our new life to start?
