AN AUTUMN

Dr. Kapardeli Eftichia

Patras, Greece

AN AUTUMN

The seed of silence

unites Heaven

the earth

Autumn and lost

in that veil

rain constellations

On wet rocks

naked truth

silent, timeless, eternal

fear, sadness, guilt

leaves

In the shadow of the mountain

open roses

kissing in rain

not passing

let alone in real

fate, the petals on the ground

The trail reaches ...
in the old days
fog every day
sky fades
I lost the way of Summer
celestial rings were
the intimate thoughts...
