\*\*\*\*\*

**WE ARE RAPED...!**

How can we shout?

We are raped

By putting a hand on our mouth

Casteism here is very strong and stout

A system smothers here

A voice of justice

Those who tried to write and speak against

Are made forever 'OUT'

Unwanted things are happening in India

East west north and more in south

At every corner of INDIA

We are raped..!

Without any doubt
