DYING MANY TIMES BEFORE OUR DEATH

Dying Many Times before Our Death

Every moment is a moment of up set

It always hurts to heart

The question disturbs my mind

Who must have made castes?

With saddest feelings

And very often humiliation

Thought of committing suicide

Never touches our mind

As we are untouchables

Strong from inside

Positively

We take stand to correct the system

Running away from the problem

Is not and will never be a solution

System targeted us

Wanted we their slave forever

As it is their mission

But we're confident enough that

One day we will succeed in

Tearing the clothes of casteism

This is unfashionable fashion

For better future of our children

Till last breath

We will fight for equality

And removal of caste from its root

As of today we are literally dyeing

Dying many times before our death
