FINDING LOVE

Miranda Ngangom

Research Scholar,

*The Assam Royal Global University, Guwahati,
Assam, India*

=====***=====

Who isn't lured by love?

Who doesn't want to love?

Who isn't afraid to love?

Who isn't changed by love?

But, can you love?

When you are burdened by love,

When you are in pain because of love,

When you are scared to love,

When you are scarred by love,

When you have changed because you have loved.

What is love?

Is it an endless ocean?

Is it like the rainbow- is that colorful?

Where does it begin?

Where does it end?

Or does it strike like thunder and lightning?

What does it take to love?

What does love consume?

Time, emotions, minds, and bodies.

It consumes you and me-

Two souls- connected by belief

Two souls- lost in time

Two souls- trusting their emotions

Two souls- sharing their mind and body.

Love is many things-

Love is joy

Love is pain

Love is to understand

We laugh in love

We cry in love

We share in love.

Love is natural-

Take love by the horns

Do not be afraid to love

For everyone is lured by love to love.
